Mr. William E. Berry
INR/DDM/RCI
Rm 6510A - New State
Washington, D.C.

Dear Bill:

As you probably know, [] is currently on a business visit to the West Coast. Prior to his departure he asked me to drop you a note and solicit your answers to several items that are of considerable interest to us. If you would send us a short resume answering the following questions, we would be most appreciative:

1. What is the present status of your discussions with Harry Eisenbeiss regarding the inclusion of State/INR in SAFE?
2. What are you requesting by way of computer and communications resources in the State FY 77 program/budget? If you will give us some specifics of your intentions and tell us what we can do to support you, we will be prepared to represent you to the best of our abilities in the DCI community review. We should have this information by the middle of August for it to be most effective.
3. Are you budgeting for the costs to install CONTEXT in your building, i.e. costs of lines, carpentry, etc. As you know, we will be paying the cost of the equipment.
4. Any other items that we should know about or on which we might be of assistance.

Hope the short deadline isn't going to be an inconvenience, but it's all for the good of the cause.

Sincerely,

Distribution:
